

Ultra Peel®

Specially formulated to treat maturing skin, **Ultra Peel®** is also appropriate for many other skin types, conditions, and sensitivities. It helps improve the appearance of fine lines and wrinkles while promoting an even skin tone and clear complexion.

Key benefits

- ✓ Reduces dark spots and other forms of discoloration
- ✓ Promotes an even skin tone and clear complexion
- ✓ Improves the appearance of fine lines and wrinkles

Key ingredients

- + **Lactic Acid (24%)** – an alpha hydroxy acid (AHA) that breaks down the bonds between cells (desmosomes) to allow for easier exfoliation of dead surface cells. It also hydrates the skin and inhibits melanogenesis by suppressing the formation of tyrosinase.
- + **Trichloroacetic Acid (10%)** – a superficial and medium-depth peeling agent that helps minimize the appearance of fine lines, wrinkles, and acne scarring.
- + **Alpha-Lipoic Acid (Thioctic Acid)** – a natural compound with antioxidant and anti-inflammatory properties that interferes with the internal pathways of hyperpigmentation.
- + **Emblica** – a botanical also known as Indian gooseberry or the Malacca tree. It contains a high concentration of tannins, which have been shown to reduce discoloration and the visible signs of aging.
- + **Silymarin** – a powerful antioxidant that provides anti-inflammatory benefits and has a protective effect against UVA-induced oxidative stress. It suppresses UVB-induced skin edema and the formation of sunburn cells.

Before

After one treatment (three weeks)

Skin Type

- Dry
- Oily
- Combination
- Normal
- Sensitive

Ingredients

Hamamelis Virginiana (Witch Hazel) Water, Lactic Acid, Water/Aqua/Eau, Alcohol Denat., Trichloroacetic Acid (TCA), Alcohol, Glycerin, Hydroxypropyl Methylcellulose, Citrus Limon (Lemon) Peel Extract, Silybum Marianum Extract, Thioctic Acid, Emblica Officinalis Fruit Extract.
